

Court of Appeals, State of Michigan

ORDER

People of MI v Jason Richard Cox

Docket No. 350033

LC No. 19-045849-FC

Patrick M. Meter
Presiding Judge

Amy Ronayne Krause

Michael F. Gadola
Judges

The motion to remand is DENIED for failure to persuade the Court of the necessity of a remand at this time. Denial of remand is without prejudice to a case call panel of this Court determining that remand is necessary once the case is submitted on a session calendar.

Presiding Judge

Ronayne Krause, J., would grant the motion to remand and states: In the day and time we find ourselves, not allowing defendant to have a DNA expert review this case is unjust. The DNA found during this CSC case was never tested. I would remand to allow defendant to procure a DNA expert and have the DNA tested. Understanding there is other evidence, I still believe that a remand is necessary.
